

Help & Advice

LipoShape

GETTING THE FIGURE YOU WANT COULDN'T BE EASIER

If you want to improve your figure and don't like the idea of endless diets or painful treatments to re-shape your hips and thighs, then LipoShape TM is the underwear extraordinaire for you!

Designed by Professor Marco Gasparotti*, one of the world's leading cosmetic surgeons, LipoShape TM sculpts and redefines the profile of hips, bottom and thighs using a special double-layered fabric that provides modulated compression and micro massage in areas where the tissue is more relaxed and fatty.

LipoShape TM should be worn under clothing for 12 hours a day for up to 8 weeks, although you are likely to notice a difference after just 4 weeks! It's unique, seam-free design means that it is comfortable and discreet to wear. What's more, LipoShape TM also helps to flatten the stomach and lift the bottom so you feel more confident from the moment you put them on!

In a clinical study to assess the effectiveness of LipoShape TM, Professor Gasparotti noted the following results:

Hip circumference reduced between 2 and 7cm

Thigh circumference reduced by up to 3 cm

Abdomen circumference reduced by up to 4 cm

Bottom lifted and circumference reduced by up to 3 cm

Irrespective of weight loss or gain, all participants cellulite improved during the evaluation

For optimum results, Professor Gasparotti recommends using LipoShape TM in conjunction with a 12-week course of Cellasene Forte TM - a phytotherapeutical food supplement containing plant extracts.

Cellasene Forte TM revolutionary formula contains a patented blend of natural, active ingredients, including ginkgo biloba, sweet clover and grape seed bioflavonoids. These help to improve circulation in areas prone to and affected by cellulite, breaking down the subcutaneous fat, improving the metabolism and helping to eliminate toxins from the body.

LipoShape TM is manufactured by Sant' ANGELICA and is priced at £49.99. Available in black and natural shades in sizes M, L or XL.

- LipoShape M BLACK
- LipoShape L BLACK
- LipoShape XL BLACK
- LipoShape M NATURAL
- LipoShape L NATURAL
- LipoShape XL NATURAL

Cellasene Forte TM is widely available in independent health stores nationwide. Priced at £29.99 for 40 capsules.

Professor Marco Gasparotti was awarded the American Academy of Cosmetic Surgery Award for 'Excellence in Cosmetic Surgery' (2000/2001) for his work combining liposuction with nutritional supplements Cellasene Forte and LipoShape. He is also included on the '100 Best Plastic Surgeons of the World' list
